### Friendly Reminder: Coyotes Are Active in the Area

As a friendly reminder, coyotes are part of the natural wildlife in our area. While sightings are not uncommon, we want to remind property owners to please keep a close eye on pets when they are outdoors.

For your pets' safety, we recommend supervising them at all times outside, keeping dogs on a leash when appropriate, and bringing pets indoors during early morning and evening hours when wildlife is most active.

Taking a few simple precautions can help prevent unwanted encounters and keep our furry friends safe.

### Registration for Camps and Workshops Now Open!

Those interested in joining can contact Janet at 636.384.0755 or email [gerdemans@centurylink.net](mailto:gerdemans@centurylink.net). Golfers may also call or stop by the Golf Pro Shop to have their email address added to the Ladies Golf list. Each week, Joel Adams sends out a sign-up reminder. Golfers only need to respond if they plan to play, and when responding, they are asked to use "Reply All" so participants can be tracked.

The IBK Ladies Golf Group looks forward to welcoming golfers out on the course.

### **Innsbrook Bluebird Report**

Our Innsbrook bluebirds are getting active! They are starting to establish territories and claiming nest boxes. You can observe the males just sitting on the top of the boxes and singing. If you have a bluebird nest box on your property it's time to check your box - is it clean? Does it need repairs? Have the woodpeckers enlarged your entrance hole? Now is the time to remedy these things. They usually start building their nests in March.

Don't have a nest box? Would you like one? The Innsbrook Bluebird Society has some beautiful new cedar boxes hand made by our master carpenter, Larry Tilly. The cost of the nest box is a \$60 donation and all monies collected go to support our bluebird trail. This includes the box, the

mounting poles and hardware, the rebar for installation, and mounting on your Innsbrook property. If you'd like a baffle on your pole, this helps keep snakes out of the nest, they are \$15 extra.

To order a nest box or get help with repairs, contact the Innsbrook Bluebird Society at [saritsema@gmail.com](mailto:saritsema@gmail.com). Thank you for your support!

### **Innsbrook Fishing Club - Stockpiled Bass at Innsbrook!**

According to the Missouri Department of Conservation, all our lakes at Innsbrook (IBK) currently have an overabundance of slow-growing bass, typically in the 8" to 10" range. While these fish may appear to be young, they are actually older and have very little potential to grow any further. A high density of small bass like this disrupts the natural balance of species in our lakes and reduces overall fish health and quality.

To help address this issue, the Innsbrook Fishing Club has introduced tiger muskies into a few lakes as a natural way to help control the bass population. In addition, the Fishing Club strongly encourages all anglers at IBK to remove these small bass from the lakes when you catch them. These bass are completely safe to eat.

When possible, the Innsbrook Fishing Club also donates removed bass to help feed raptors and other birds at the World Bird Sanctuary. We are currently working to make a freezer available to all fishermen so that harvested bass can be placed in the freezer and later donated to the Sanctuary.

Your help is important. By removing these stockpiled bass, you are directly contributing to healthier lakes, better fishing, and a stronger ecosystem at IBK. Please help us remove these guys from our lakes.

For more information about the Fishing Club, membership, or donations, contact Chris Chivetta at [Innsbrookfishingclub@gmail.com](mailto:Innsbrookfishingclub@gmail.com)

## Let's Keep the Water Flowing!

With the rainy season just around the corner, this is a friendly reminder about a small but important maintenance task: keeping the culvert (drainage pipe) under your driveway clear.

**Why it matters:** Culverts help storm-water flow safely away from our roads, driveways, and homes. When they become blocked with leaves, twigs, dirt, or other debris, water can back up and cause:

- Flooding on roads and driveways
- Erosion around your property
- Standing water (hello, mosquitoes!)
- Damage to the culvert itself

In our beautiful, wooded community, blocked culverts are one of the most common causes of localized flooding after heavy rains. Taking a few minutes to keep them clear helps protect your home — and your neighbors' too — and can prevent costly repairs down the road.

**Whose responsibility is it?** Culverts under private driveways are the homeowner's responsibility to maintain (similar to gutters or landscaping). This is standard in most communities, including Innsbrook.

### How to clean your culvert:

1. **Inspect:** Use a flashlight to check both ends of the pipe for blockages. It's especially helpful to check after storms or if you notice pooling water.
2. **Clear debris:** Wear gloves and use a rake, shovel, or long pole to remove leaves, dirt, and sticks from both the inlet and outlet. Try not to push debris farther into the pipe.
3. **Flush:** Use a garden hose (or a pressure washer on low) from the higher end to wash out any remaining material. Be sure to direct water away from roads and neighboring properties.
4. **Check regularly:** Inspect quarterly, before major rain events, and especially during the fall when leaves are heavy.

If you notice the pipe is cracked or collapsed, please contact Innsbrook Services at ext.9150 or email [services@innsbrook-resort.com](mailto:services@innsbrook-resort.com).

Thank you for helping keep Innsbrook safe, dry, and beautiful! Questions? Reach out to Property Management at ext.9179, or email [chris.faatz@innsbrook-resort.com](mailto:chris.faatz@innsbrook-resort.com).

## EXPLORE INNSBROOK, KID STYLE

Camp Innsbrook offers summer camps and workshops where kids can explore, create, and learn through activities like crafts, art, hiking, and beach days. Running from Memorial Day through Labor Day, each program centers on fun, discovery, and connecting with nature for kids and families to enjoy together.

### Camp Innsbrook Multi-Day Workshops

## NATURE NOTES

### Go Out for GREEN

The tradition of St. Paddy's day every March 17, finds people wearing green. You can experience how nature wears green during most seasons of the year, but spring is probably the best time for a deep dive into this refreshing hue.

Green is the color of spring and is a symbol for growth and renewal. It's also one of the most relaxing and restful colors for the human eye to view.

Green is a secondary color that is created by mixing blue and yellow. Many animals use this mix as they have trouble making green. Green snakes and frogs have evolved by mixing a yellow pigment to their blue structural color to get those green shades. The pigment color is temporary and the structural color more lasting. When a green snake or frog dies, they may appear blue as the pigment fades and the underlying structural color remains.

Plants make their own green pigments, known as chlorophyll, and use them to turn sunlight into energy. This process of photosynthesis in the leaves feeds the plant.

In spring, many vibrant shades of green spread across the landscape. You can enjoy these greener pastures by heading out in nature to experience some refreshing shades of green. It may enhance your vision and even bring on some luck of the Irish.

Innsbrook features stunning natural areas to explore, breathe in the fresh air, and recharge. Show us all the green you find during your next exploration at IBK. Download our app and upload your pictures and maybe your discoveries will be featured in the next edition of IBK Explorer: <https://bit.ly/3R1BKgK>.

## Don't Be "Trashy"

Innsbrook offers trash/recycling depots for property owners use:

- Just south of the Main Gate on Aspen Way Dr.
- Just north of the Farmhouse off Innsbrook Dr.
- At the Konstanz Gate Entrance off South Konstanz Dr.
- At the Linden Gate Entrance off Linden Crossing
- At the Tyrol Gate

DO NOT use the trash or recycle bins at the Clubhouse Bar & Grille, Charrette Creek Commons, or at the Aspen Center; these are for commercial use only.

## Trash Compactor

A trash compactor for household trash only is located at the trash depot just south of the Main Gate on Aspen Way Dr. To use the compactor, open the side door, place your trash in, and close the door. The compactor turns on automatically when trash reaches a certain point. DO NOT open the door when the green light is flashing and the siren is sounding. This indicates that the compactor is in operation. NEVER go inside the dumpster.

## Prohibited Items

The following items are PROHIBITED in all Innsbrook dumpsters:

- Iron or steel
- Car parts or tires
- Construction debris, such as lumber, drywall, fixtures, etc.
- Appliances or bulky trash items such as furniture, mattresses, etc.
- Oil, paint or chemicals requiring special disposal
- Car batteries

## Spring Big Trash Weekend!

For two days only, April 11-April 12 from 9 a.m. to 4 p.m., dumpsters will be available for disposal of your bulky, unwanted items and trash -- including furniture at the Property Management Building. No construction or auto waste will be accepted, so no toilets, bathtubs, broken tiles, and no auto parts or tires! Only bring items from your Innsbrook property, absolutely no outside waste, please.

## Security at Trash Sites

To maintain cleanliness and efficiency, we'll be imposing a \$250 fee for improper use of our dumpsters or compactors. Our enhanced surveillance allows us to monitor activities closely, ensuring that only appropriate items are disposed of.
