THE INNSBROOK PHILOSOPHY

*To live in harmony with nature and each other,
keeping Innsbrook a secure place of retreat and refuge
while always trying to make consistent,
considered improvements
to enhance our enjoyment of our time here and
maintain strong property values.*

The Library

A lending library is located at the Farmhouse area. Open 24 hours a day. *Bring a book... take a book.*

Fireworks Extravaganza over Lake Aspen

Our annual fireworks display is our marquis activity that would not be possible without the generous donations by our property owners each year. Questions or details, contact Innsbrook Activities at (636)928-3366 or (636)745-3000 ext. 180.

Camp Innsbrook

Camp Innsbrook is a summer program focusing on activities and how-to crafts for kids and their families at Innsbrook. Each weekend of the summer, children of all ages can participate in a camp event. It's a fantastic opportunity to spend time with your kids doing things together! Call (636)928-3366 or (636)745-3000 ext. 180 or visit www.innsbrook-resort.com.

Summer Breeze Concert Series

Summer Breeze is an outdoor concert series presenting a mixed bag of the best music St. Louis has to offer in a way the whole family will enjoy. During the summer, there is a concert every weekend. These concerts are FREE and open to all Innsbrook property owners and their guests! Call (636)928-3366 or (636)745-3000 ext. 180 for a concert schedule or visit www.innsbrook-resort.com.

UltraMax Triathlon

Since 2003, Innsbrook Resort has hosted UltraMax triathlons. This swim-bike-run event attracts athletes from across the nation every summer. Many Innsbrook property owners have also participated as athletes in the event over the years. There is a “beginner” race perfect for those who want to try triathlon. This event also raises a substantial amount of money for leukemia and lymphoma research every year -- more than \$100,000 in 2009! Get involved by volunteering to man water stations and more! For more information, visit www.ultramaxtri.com.

WATER SYSTEM IN WARM WEATHER

For Chalet Owners • Warm weather preparation (May 1 to October 1)

When leaving chalet, always:

1. Turn off circuit breaker to hot water heater.
2. Then turn off main water valve at base of chalet on the outside.

When returning to chalet, always:

1. Turn on main water valve at base of chalet on the outside.
2. Open a hot water faucet until there is flow, allowing any air to escape from heater, then close.
3. Turn on circuit breaker to hot water heater.

TURNING OFF WATER SYSTEM IN COLD WEATHER

For Chalet Owners • Cold weather preparation (October 1 to May 1)

IMPORTANT: Read directions fully before proceeding.

1. Turn off breaker to hot water heater.
2. Close main water valve inside chalet.
3. Turn outside water supply rod to OFF position. Open hose bib faucet. If garden hose is attached, remove completely.
4. Open all low-line drains. Including but not limited to: shower (behind refrigerator), bottom of water heater, behind toilet, floor near breaker box. Location of valves will vary with building design.
5. Open all faucets. Hot and cold in shower, bathroom vanity, kitchen sink, outside hose bib.
6. Pull out sprayer hose in kitchen sink to its fullest. Blow out trapped water, lay hose in sink. Some spray heads must be removed and water shaken out of head and hose. Note: Each chalet may vary as to location of faucet drains and supply lines. ALL faucets should be in an open position to allow air into lines to force water out.
7. Flush toilet. Scoop water out of bowl with a cup (past the supply opening near the bottom of the bowl).
8. Antifreeze. Pour directly into toilet (3 cups), toilet tank (3 cups), shower trap (2 cups), bathroom vanity (2 cups), kitchen sink (either side, 2 cups). If R.V. antifreeze is used, we suggest doubling the given amounts.
9. Go back and reopen main water valve inside chalet. This allows water to escape that is trapped between inside main valve and outside water valve.

10. Refrigerator. If you leave refrigerator empty, turn off and prop open both doors to prevent mildew. Please refer to owner's manual.
11. Ice makers. Copper/plastic lines must be disconnected at both ends. Blow water out of lines, disconnect, drain solenoid valve on refrigerator. Refer to owner's manual.
12. Take home canned and bottled items containing liquid that may freeze.
13. When weather is cold enough (34°F-36°F), check heat tape under chalet for proper functioning. The surest method is to feel if tape itself is warm. Please note: If system is fully winterized and not used during winter months, heat tape is not needed.

When you return to your chalet after it has been winterized, follow the same steps in reverse (#5, #4, #3), closing faucets and drains. When filling hot water heater, open vanity hot water faucet to allow air in line to escape. Turn on hot water heater breaker AFTER water pours freely out of faucet, indicating tank is full. If faucet or valve is too tight to open/close, moisture has frozen inside the valve. Wait a short time for heat in chalet to thaw this minimal freeze-up before attempting to open/close valve.

**If you have a dishwasher/clothes washer, call for instructions to winterize (636)928-3366 or (636)745-3000 ext. 150. Note: Dishwashers and clothes washers are not permitted on properties that utilize a septic system.*

MAINTENANCE TIPS

1. ANNUALLY... To maintain high operating efficiency and prolong the life of your air-conditioner compressor, the condenser coils should be cleaned every year. To clean the condenser coils, turn off the circuit breaker, remove the housing from the unit, and carefully hose out the coils. Be sure to keep all water away from the blower motor and electrical components.
2. EVERY OTHER YEAR... The wood decks require periodic maintenance to maximize the life of the wood. We suggest these decks be given a coat of wood preservative stain every two years.
3. ANNUALLY... Some of the chalets (those built before 1977) are equipped with aluminum wiring. We suggest that all terminals in the panel box and receptacle be checked for unusual oxidation and/or loose connections.
4. ANNUALLY... The interior of the fireplace flue chimney should be checked for unusual buildup (1/4 inch or more) of creosote deposits. Under certain circumstances, this creosote can catch fire, producing an unusually hot fire that could spew out, blowing particles of debris. This in turn could catch fire to roofs and/or surrounding decks and trees.
5. ANNUALLY... Remove leaves from around and under buildings and decks in the late fall. Termites need a path from soil to wood to get to your building. Leaves around stair posts and deck posts provide a possible route for them to take.
6. EVERY OTHER MONTH... Replace furnace filters.
7. SEMIANNUALLY... Check batteries in smoke detectors.
8. EVERY OTHER YEAR... Check the caulking around windows. With age caulk will shrink allowing insects, air and moisture into the building.
9. NEED ASSISTANCE... Please contact Innsbrook Services at (636)928-3366 or (636)745-3000 ext. 150.

TRASH AND RECYCLING SERVICE

Innsbrook offers trash/recycling depots for property owners' use:

- Just south of the Main Gate on Aspen Way Drive
- Just north of the Farmhouse off Innsbrook Drive
- At the Konstanz Gate Entrance off South Konstanz Drive
- At the Linden Gate Entrance off Linden Crossing

Please **DO NOT** use the trash or recycle bins at Hanneken's Restaurant or at the Conference Center; these are for commercial use only.

Trash Compactor

A trash compactor for household trash only is located at the trash depot just south of the Main Gate on Aspen Way Drive. To use the compactor, open the side door, place your trash in, and close the door. The compactor turns on automatically when trash reaches a certain point. **DO NOT** open the door when the green light is flashing and siren is sounding. This indicates that the compactor is in operation. **NEVER** go inside the dumpster.

Prohibited Items

The following items are **PROHIBITED** in all Innsbrook dumpsters:

- Iron or steel
- Car parts or tires
- Construction debris, such as lumber, drywall, fixtures, etc.
- Appliances or bulky trash items such as furniture, mattresses, etc.
- Oil, paint or chemicals requiring special disposal
- Car batteries

Note: There is a \$250 fine for throwing these items in the trash dumpsters.

Recycling Program

Red recycling dumpsters are located at all of our trash depots. You can recycle:

- All cans (aluminum/steel/tin)
- Paper milk and juice cartons
- Green, clear and brown glass bottles
- All paper that tears (newspapers, magazines, junk mail, office paper)
- Cardboard and paper boxes such as cereal and tissue boxes
- Plastic containers, such as butter dishes, yogurt cups, etc.

Note: No plastic grocery bags, plastic trash bags, window glass, dinnerware, ceramics, or #6 plastics (styrofoam). Remove paperclips/staples from paper. All cans and bottles should be washed, with labels removed. Recyclables can be comingled; there's no need to separate items. There is a \$250 fine for trash/garbage thrown in the recycling bins.

Questions? Call (636)928-3366 or (636)745-3000 ext. 163.

INNSBROOK GOLDEN RULES

The primary rule at Innsbrook is the Golden Rule.

“Treat others how you would want to be treated.”

But sometimes it helps to explain in a little more detail.

Peace and Quiet

- No loud noises such as power tools, chain saws, weed eaters, power mowers, leaf blowers, etc. on Sundays, and everyday before 7 a.m. or after 5 p.m.
- Personal fireworks and firearms are prohibited.
- All parties are restricted to the host's lot (not on common areas, such as beaches).
- Please do not host company picnics or other large gatherings on private property that would disturb the peace and quiet of your neighbors.

Natural Beauty

- “For Sale” signs and/or handmade signs made for directing traffic are prohibited
- Trash should be kept in dumpsters and IN compactors, not on dumpster lids or BESIDE the bins because animals get into it and make a mess.
- Large trash should not be placed in dumpsters. Large items include things such as construction debris, lumber, appliances, furniture, etc. Innsbrook provides “Bulky Trash Weekends” in the spring and fall when we accept your bulky trash items. Call (636)928-3366 or (636)745-3000 ext. 163. If you see anyone disposing of large items or construction debris in our trash containers, please call Security at (636)928-3366 or (636)745-3000 ext. 400
- For large items to be removed, contact Christian Disposal at 866-522-3781.
- Lawn ornaments should be used sparingly.

Lakes and Boats

- Only boats propelled by sail, oar, paddle or electric trolling motor are permitted.
- Maximum capacity shall not exceed 220 lbs. thrust or 10 horsepower.
- Electric boats shall produce no wake.
- All boats must be registered with Innsbrook and must have an Innsbrook boat sticker. Call (636)928-3366 ext. 180 or download a boat sticker form at <http://www.innsbrook-resort.com/news.shtml>.
- Pontoon boats can be no larger than 16' length and 8' width.
- Mono-hulled watercraft are limited to 20' length and 8' width.
- Guest boats are not allowed.
- Boats must be removed from all common areas during winter months (November 30 to April 1).
- Construction of docks/slips must be approved by the Architectural Review Board. Call Rick Schmitt at (636)928-3366 or (636)745-3000 ext. 163.

Beach Rules

- Pop-up tents should be 20' from the water to leave space for sunbathers. Please do not use a tent to reserve a beach spot, and take tents down at the end of the day.
- No boats or fishing allowed in the swimming area, including between the beach and floating dock and not tied to the dock. All of these are dangerous to swimmers.
- Those who are not toilet-trained must wear swim diapers.
- Children in flotation devices should be supervised by an adult.
- Beach-goers ages 15 and under should be accompanied by an adult.
- No littering. As to cigarette butts, no one wants to sunbathe in an ashtray.
- Pets are not permitted in the beach area.
- Music should be for your listening pleasure only.
- No large group — no one wants to sit next to an office party on the beach.
- No campfires. Hibachi grills work great, but watch your ashes.
- Boats in the common areas are not common property. Respect the boats' owners and do not use private boats.

Guests

- Only invite guests to your Innsbrook property that you would invite to your home in town.
- Inviting friends to come out and fish when you are not at the development is prohibited.
- Owners are responsible for their guests (mis)behavior.

Construction and Remodeling

- Chalet construction/remodeling: Written approval is needed before any alterations, modifications, replications or changes to the exterior of an existing chalet, or chalet lot, are commenced, including but not limited to: painting, staining, roofing, exterior remodeling or additions. The owner is responsible for contacting Rick Schmitt, Innsbrook Building Commissioner, at (636)928-3366 or (636)745-3000 ext. 163 or rick.schmitt@innsbrook-resort.com to coordinate what is needed for the review, approvals and issuance of a building permit prior to the commencement of work.
- New home construction: All new homes to be constructed at Innsbrook must have plans and specifications reviewed and approved by the Architectural Review Board (fee of \$150 to Innsbrook Owners' Association). An inspection after completion is necessary to receive an occupancy permit. Should construction fail to meet guidelines specified in the building permit, no permit will be issued.
- Both home and chalet guidelines can be found at <http://www.innsbrook-resort.com/news.shtml>. You can also download permit applications at this site. Questions? Contact Rick Schmitt at (636)928-3366 or (636)745-3000 ext. 163.

Vehicles

- Golf carts and UTVs (i.e. gators and mules) are permitted on our roadways only. Four-wheel, all-terrain vehicles (ATVs) and unlicensed motorcycles are not allowed on or off roadways on Innsbrook common ground.
- Permitted vehicles are only to be operated by licensed drivers. Children under the age of 16 found to be operating a golf cart/UTV will be escorted back to their Innsbrook property. Questions? Call (636)928-3366 or (636)745-3000 ext. 402.
- All vehicles must have good mufflers, be insured and have headlights and reflectors if they are to be driven at night.

Miscellaneous

- Dogs must be kept on a leash at all times at Innsbrook.
- Register all guests' names with Security at the Main Gate. Registration forms can be downloaded at <http://www.innsbrook-resort.com/news.shtml> or call (636)928-3366 or (636)745-3000 ext. 400.

HISTORY OF INNSBROOK

In 1964, Innsbrook founder Ed Boyce began building A-frame vacation homes south of Warrenton, Missouri. About 520 acres were developed into 150 rustic A-frames on three-acre tracts of land. Three lakes were built, and the development was called Aspenhof.

Boyce was joined in 1969 by Warren Wobbe, who assisted in the completion of the Aspenhof development. In 1971, they began a project that would grow to be almost three times the size of Aspenhof. The development, which became Innsbrook, included 434 A-frames, 21 lakes, six tennis courts and 40 miles of road on 1,600 acres. The development was completed in 1981 with the help of Les Buechele, who joined Ed and Warren in 1972.

In the '70s the company had been purchasing land on Highway F across from the Innsbrook development. In 1980 Innsbrook Estates was opened, a sister development to Innsbrook and Aspenhof. The east side of the development (formerly referred to as the Estates) offers A-frame chalets for second homes; one-, two- and three-bedroom condominiums; one-acre tracts for permanent homes; and a conference center.

The 150-acre Lake Aspen provides a focal point for the east side of the development, while more than 100 other lakes dot the development. There are also lighted tennis courts, a swimming pool, nature and horse-riding trails, fitness center and 18-hole championship golf course.

In 1997, the two sides of the development were merged into one Owners' Association. The familiar terms of the "Estates side" and "Innsbrook side" no longer exist. After much planning, discussion and petition-gathering, Innsbrook incorporated into a village on July 21, 1998. And today, we are Innsbrook, Missouri, and rightly proud of it. You can find out more about the village at <http://www.villageofinnsbrook.org>.

Currently Innsbrook has more than 100 lakes, encompasses more than 7,400 acres and more than 125 miles of trails and road (paved and unpaved). Innsbrook's 236-acre Alpine Lake is our biggest lake to date.

We have more than 1,600 Innsbrook properties. Currently there are approximately 150 people employed at Innsbrook. Job titles include turf management specialist, executive chef, fish biologist, horticulturist and many, many more.

AUDUBON PROGRAM

In 1997, the Innsbrook Resort Community and the Innsbrook Golf Course enrolled in a program through Audubon International to work toward becoming a certified Audubon Sanctuary. The Audubon Cooperative Sanctuary System (ACSS) was founded on the belief that if everyone works toward conservation and habitat enhancement on private properties, in schools, at businesses and in recreational areas, it will be possible to create a national and international system of wildlife habitat and environmental conservation. The sanctuary program is a set of guidelines that helps Innsbrook grow in harmony with our environment.

In August 1999, Innsbrook Resort became the first business of its kind in the continental United States to be certified as a cooperative sanctuary by Audubon International. At the time, there was one other resort in Hawaii. Joellen Zeh, Staff Ecologist for the Audubon Cooperative Sanctuary System, presented the certification at a ceremony on September 28, 1999, at the Innsbrook Conference Center. In 2000, the Innsbrook Resort Golf Course received Audubon Sanctuary golf course certification. In late August 1999, Innsbrook was also recognized by Missouri Governor Mel Carnahan who traveled to the resort community to present a proclamation during the “Associate Appreciation Afternoon” congratulating the community on its environmental accomplishment.

To become an Audubon Sanctuary, the Innsbrook community had to first be certified in five different areas including: Environmental Planning, Wildlife Habitat Management, Resource Conservation, Waste Management, and Outreach and Education. Upon demonstrating a high degree of environmental quality in each of these areas, Innsbrook was certified as a sanctuary.

Since then, the resort and the golf course have both attained recertification and still retain their status as certified Audubon sanctuaries.

INNSBROOK INSTITUTE

The Innsbrook Institute Music School and Festival began in 2001. Each year approximately 50 students from across the nation enjoy an intensive camp that exposes the young music students to the highest levels of classical music instruction and performance.

The students at the Innsbrook Institute receive private lessons, chamber music coaching, master classes and performance opportunities. Students also enjoy performances by Institute faculty and guest artists. While they are at Innsbrook, the students stay with volunteer host families.

In addition to the academy, this 10-day festival includes a wonderful concert series. Festival Artistic Director David Halen arranges a series of unforgettable concerts featuring artists known for virtuosic and exhilarating stage performances, including artists like violinists Chee-Yun and Gilles Apap, pianist Grace Fong, the Biava Quartet, and many more.

Visit www.innsbrookinstitute.org for more festival information or to purchase tickets. Or call (636)928-3366 or (636)745-3000 ext. 218.

VILLAGE OF INNSBROOK

On July 28, 1998, the Village of Innsbrook was officially incorporated to protect the area in which we live, work, and play. The first two years of the village were dedicated to setting up ordinances that allow the village to be a municipality. The next three and a half years were dedicated to focus groups and the development of a comprehensive plan. These focus groups included more than 500 village residents as well as focus groups for property owners of recreational property within the village.

We have finalized and implemented a comprehensive plan. For the past three years the Village Planning and Zoning Commission have been writing a zoning order tailored to the comprehensive plan with the input from village residents.
